

Makes dandy

Bread

Never in all your born
days have you tasted bread as good
as the bread you can make with this
celebrated Golden Sheaf-Flour. It's simply superb,
light, wholesome and evenly raised—every loaf of it.

And we're so sure that you'll find Golden Sheaf
so much better than any flour you ever tried before
that we'll return the full price of any sack that
isn't satisfactory in every way.

We're willing to take that risk simply because
we know that Golden Sheaf is made by expert
millers of the finest wheat grown in the country.
And they even go to the expense of washing every last kernel
of the wheat. Costs a little more—so most millers don't do it.
But that washing makes

Golden Sheaf Flour

pure and guarantees that it will
make the dandiest bread, cakes
and pies that you ever tasted.

Better try Golden Sheaf.
Everybody that knows it says it's the perfect flour—
and we guarantee it. Order a trial sack today.

LOPEZ STORE CO.
IRONTON, MO.

are invited to attend and take a part
in the discussion.
It is the belief of the Agricultural
Department that such discussions will
prove of much more value than any
set lectures. In other words, they
believe that farmers can learn from
one another.

Matters influencing other crop yields
during the present season will also
be discussed. There are a number of
other things of interest at the Demon-
stration Farms including some crops
which are highly adapted to this sec-
tion, but which have not been grown,
as far as we know, in past years.

The Railway Company advises that
further information regarding this
meeting will be given shortly.

Notice.

We would be interested in hearing
from our customers in regard to day
service; also parties contemplating
the use of motors.

Power Co. C. E. MEYER'S Sup't.

Arcadia.

(C. R. Wadlow in Centerville Outlook.)

Arcadia! The very name sounds
beautiful. Reverting to the history
of ancient Greece you will recall that
one of the most important provinces
of that country, the one lying in the
center of the Peloponnesus, bore the
name of Arcadia. Surrounded by
lofty mountains its people were
among the last to succumb to the rav-
ages of the barbarians. Indeed they
retained their rural simplicity and
maintained their country-like serenity
so long that the name Arcadia became
a synonym of rustic simplicity. Some
one fully acquainted with the rustic
beauties of the ancient Arcadia, no
doubt, has aptly applied the name to
a little valley in Iron county. I have
just returned from the Methodist En-
campment located in this valley, and
if it doesn't eclipse its ancient name-
sake, then the namesake was in-
describably beautiful. The Methodist
church owns 247 acres in this mar-
velously beautiful valley. This 247 acres
covers a small hill from which a splen-
did view can be obtained. On this
hill the woods are primitive, and be-
tween large primeval oaks has been
erected a huge steel tabernacle with
red tile roof. The whole hill is dotted
with tents in which Methodist families
are living and for the most part doing
their own cooking on oil stoves.
There are supply tents, college tents,
photographic tents, rest tents and all
kinds of tents. Ice water and every
other convenience is furnished. A
large dining hall furnishes meals to
those not wishing to do their own
cooking. Swings and hammocks are
numerous throughout the shady
groves and children find themselves
in Paradise. Nearly every town in
Southeast Missouri was represented
as well as Arkansas and Tennessee.
The services at the tabernacle con-
sumed the mornings and evenings,
while the afternoons were devoted to
recreation. Dr. McMurry of Nash-
ville, Tennessee, Secretary of the
Board of Church Extension, was Mas-
ter of Ceremonies and as such won
the admiration of all. Later he will
come to Ellington to dedicate the
Methodist church there. Dr. Gross
Alexander, editor of the Methodist
Review, of Nashville, delivered some
of the most scholarly lectures to which
we have ever listened, while at night
evangelistic sermons of great power
were preached by the Rev. Dr. Mann
of Lexington, Kentucky, editor of the
Central Methodist. Dr. Anderson of
Little Rock and Dr. Paul H. Linn of
St. Louis, delivered creditable ad-
dresses. Dr. C. F. Reid of North
Carolina, secretary of the Laymen's
Missionary Movement, by his masterly
missionary sermons plainly demon-
strated on the university of man. The
Wisdom sisters sang the sweetest and
most angelic songs possible, the effect
which was wonderful. After each
song one felt as though he would ex-
ert every fiber in him to be a better
man. And I must not fail to mention
the wonderful address of Hon. C. M.
Hay on "What the Citizen Owes to his
State." He will be Governor some
day. Each evening at 7 o'clock a sun-
set service was held outside the taber-
nacle on the brow of the hill facing
the West. These were impressive in
the superlative degree. Way yonder
in front were the beautiful clouds
crimsoned with gold, a little to the
right lay old Shepherd's Mountain like
a monstrous sleeping giant. The
panorama was simply sublime if not
awe-inspiring. What a scene one can
get from a hill-top in Arcadia! No
wonder the Ancients used to worship
on the mountains. No wonder Mr.
Sinai and Mr. New inspired Moses
no wonder Christ was transfigured on
Olivet. If you want more religion, if
you want more inspiration, if you
want an intellectual feast and all sorts
of restful recreation, plan to go to Ar-
cadia Methodist Encampment next
year.

A TEXAS WONDER.

The Texas Wonder cures kidneys
and bladder troubles, dissolves gravel,
cures diabetes, weak and lame backs,
rheumatism, and all irregularities of
the kidneys and bladder in both men
and women. Regulates bladder
troubles in children. If not sold by
your druggist, will be sent by mail or
receipt of \$1.00. One small bottle is
two months' treatment, and seldom
fails to perfect a cure. Send for testi-
monial. Dr. E. W. Hall, 2926 Olive
Street, St. Louis, Mo. Sold by drug-
gist.—Adv.

REMINGTON UMC METALLIC CARTRIDGES
Made by the Foremost Ammunition
Concern in America

THE biggest name in the ammunition and firearms world to-
day is Remington-UMC. Whether your arm is a Remington
or any other standard make, whatever its calibre and the load
you need, you want Remington-UMC metallics—not because
they are necessarily stamped with the same name as your
firearm, but because they give more accurate results.

This Company has been making ammunition for fifty years. We
produce metallics for every standard make of arm—and every Remington-
UMC cartridge is tested in the arm for which it is made.

There is a dealer in this community who can give you Remington-
UMC Metallics for your rifle, your pistol. Find him. Ask
him for them. Look for the Red Ball Mark on every box
of metallics and shot shells you buy.

**Farmers Meeting at Iron Moun-
tain Demonstration Farm,
Arcadia, Mo.**

Demonstration Farm for a Seed
Selection Demonstration and Field
Meeting to be held on August 27th.
The Railway Company realizes that
one of the best steps to be taken in
the improvement of crop yields is the
securing of a realization that only
the best seeds obtainable should be
planted. Taking corn as an example,
they this year secured a supply of
pure bred seed corn adapted to local
conditions. This is the only variety
planted on the Demonstration Farm
and was secured nearby in order that
it might be acclimated to local con-
ditions.

All the corn purchased was planted
this season and at the time of the
Field Meeting, if the corn is ripe
enough, the best ears from the plot
will be selected for the next year's
planting. These ears will be used in
an ear to the row breeding plot where
careful check will be given the per-
formance of each ear selected. All
that could be done this year was to de-
tassel the parent stalks to prevent in-
breeding and all weak stalks in
the field to prevent them shedding
pollen on the silks of the ears to be
used next year.

A discussion of corn improvement,
using the corn then on the field as an
example, will be one of the features
of this meeting. All the farmers are

County Court Proceedings.

Union Making Effort To Effect Compromise.

(From the Lead Belt News.)

There will be no strike before
Thursday and there may not be one
then if the companies make satisfac-
tory answer to a request made yester-
day by the national organization
representatives and the local executive
committee of the Western Federation
of Miners who visited some of the
Lead Companies' local officers and
representatives Thursday and re-
quested that the companies formulate
and submit their best proposition
looking to a compromise on or before
next Thursday.

The preliminary move looking to a
conference with the St. Joe officials
was the outcome of a visit of busi-
ness men of Bonne Terre to the office of
R. B. S. Parsons, superintendent at
Bonne Terre.

The committee after visiting Mr.
Parsons of the St. Joseph and Doe
Run Lead companies came back to
Flat River and submitted their re-
quest to Mr. Comins of the St. Louis
Smelting and Refining Company and
Mr. Desloge of the Desloge Con-
solidated Lead Company. Each of
the managers agreed to place their
request for a compromise before the
Board of Directors of their several
companies. Up to the hour of going
to press the committee had not called
on Mr. Gues of the Federal.

Pending the receipt of this answer
the men will continue to work under
the existing conditions and at the
prevailing wage. National Executive
Board Representative Davidson and
Organizer Roderick Mackenzie with
the members of the local executive
committee met Thursday at the Union
Hall in Bonne Terre and determined
to make a final effort to avert a
strike.

The vote of the men on a strike last
Tuesday was all of the locals voting,
324 for to 38 against. The convinc-
ing unanimity with which the men
voted for a strike was not at all sur-
prising to those who had closely ob-
served the crystallization of the senti-
ment and spirit of the men. The ac-
tion of the Union in seeking a com-
promise may bear fruitful results and
then again it may only tend to delay
a strike.

Every honorable effort is being
made to avert a strike and the com-
munity from the consequences of a
bitter struggle and the chances of
compromise look encouraging accord-
ing to Roderick Mackenzie, the or-
ganizer. Mr. Davidson, the ranking
official representative of the Western
Federation of Miners, says that the
policy of his organization is to avert
a strike whenever it is honorably
possible.

FOR SALE.—A good, gentle family
horse. Apply to A. Rieke & Son.

Granite. Anything you want, from \$5
up. Address C. W. Rennie, Granite-
ville, Mo.

Spend Your Vacation Near Home

IN THE WHITE RIVER COUNTRY OF
THE OZARKS.

Other folk must travel for days to get there.
You have that wonderful vacation land of woods
and streams at your very doors.

What do you want in a Vacation that the
White River Country cannot give you?

There is pure, cool mountain air that will refresh
and strengthen—motor boating, sailing and canoeing on beau-
tiful Lake Taneycomo. Hundreds of streams, famous the
world over for their bass fishing—game for the hunter at
every turn.

And only a few hours over the

Missouri Pacific

The Pleasant Way to Pleasant Places

will put you down in the middle of all this.

Vacation money goes farther, too, than elsewhere. The
journey is short and inexpensive—good hotel accommo-
dation at reasonable prices—camping opportunities that will
reduce living cost to a minimum.

The road your friend
will recommend.

See the nearest Missouri Pacific agent and
get the booklet, "The White River Country
in the Missouri Ozarks." Ask him for all
other information you may need. It will be
gladly supplied.
